

AMENDMENTS TO THE SPECIFICATION:

Page 1, before line 4, insert the following:

--CROSS REFERENCE TO RELATED APPLICATION

This is the 35 USC 371 national stage of International Application PCT/SE00/01893 filed on 29 September 2000, which designated the United States of America.--

Page 1, replace the paragraph beginning on line 7 with the following amended paragraph:

--The present invention relates to a method for controlling the combustion process in a combustion engine ~~according to the preamble to the following Patent Claim 1.~~ The invention especially relates to such a method for reducing soot emissions and nitrogen oxide emissions (NOx) formed in combustion engines in which the fuel/cylinder gas mixture is ignited by compression heat generated in the cylinder.--

Page 7, delete the paragraph beginning on line 17 and ending on line 22.
